To Whom it May Concern:

We have been using Union Impact for quite some time and our Local couldn't be happier with all the options this system has to offer. They have created a program that is very comprehensive and useful. Their customer service department has gone to great depths to assist us with all our needs and has made several changes to accommodate us without hesitation. This is a great system and I believe anyone who puts their trust in Union Impact will be very pleased with it.
